

Desafio.py

```
n = 5  
div = n//2  
mult = div*2  
print(mult)
```

"Observe o programa acima. Qual será o resultado do comando *print*?"

A) 2

B) 5

C) 4

The image features a solid blue background. In the top-left and bottom-right corners, there are decorative yellow shapes that resemble stylized, rounded corners of a frame or a corner bracket. Each yellow shape contains a small white circle.
